BARRIER FREE MASH

Uninterrupted Views. Maximum Comfort.

Barrier free mash systems are designed to provide smooth, seamless and safe access with a clean, minimal look. These systems feature a track-free design, keeping the floor level, which allows unobstructed movement between indoor and outdoor spaces. Ideal for residential and commercial spaces, they offer excellent natural light, fresh air circulation and a modern, elegant appearance while maintaining durability and performance.

Insect Protection

Keeps mosquitoes, flies and dust out for a cleaner, healthier indoor space.

Fresh Air Flow

Allows natural ventilation while maintaining a clear barrier.

Barrier Free Design

No bottom track for smooth, safe and easy movement.

Natural Light

Large glass panels bring in more daylight and open views.

Durable & Strong

High-quality mesh and aluminum frame for long-lasting performance.

Versatile Applications

Ideal for homes, villas, offices, showrooms and commercial projects.
